### Passport/Visa information

It is the responsibility of the group leader to ensure that all members of the tour hold a valid passport and visa if required.

Border checks are now in place across Europe, if you are crossing any borders during your tour passports may be required.

### Dietary requirements and allergies

We have made every effort to inform the accommodation and pre-booked restaurants of any dietary requirements and allergies notified to us in advance of the trip. The group leader(s) on tour will still need to satisfy themselves that at every point of food service, the food being supplied is suitable and meets the dietary requirements of the group. Group leader(s) should consider that there may be excursions within your itinerary where allergens could be present and to take precautions accordingly.

We have resources available to assist with communication of dietary requirements and allergens in the local language for our core destinations.

## Important information

Before you travel, please ensure you download My Tour Manager – On the Go

The app works both on and offline and is personalised to your tour. You'll have the following at your fingertips in an instant:

- A daily itinerary – complete with all your timings
- Essential documents – out of hours emergency contact numbers and visit vouchers

## Advice for excursions and visits

We assess that your visits are either inherently safe or with risk within a reasonably normal and known range. Where providers of specialist services or activities are used, we assess their competence.

Where there is inherent danger, unusual or risk outside normal experience we will tell you. Our School Travel Forum assured membership status is independent evidence that these requirements are met.

If for any reason, you are unable to attend a pre-booked visit, please advise us (prior to your tour departure) or the visit centre directly (whilst on tour) as in many cases full payment may be passed on to your group for a no-show.

Should you anticipate a late arrival, please advise the visit centre directly to avoid the possible non-provision of your planned visit. This is particularly important for guided visits where the guide may have other scheduled commitments.

We strongly recommend that you refer to your own employer's guidelines for water-based activities.

## IMPORTANT

Any visits that have not been organised by us and are outside the contractual arrangements: group leaders should satisfy themselves about the suitability of the visit and the health and safety arrangements in place.
