

CROOKHORN COLLEGE

Dear Parent/Guardian

We have had several enquiries about College photos this year. In line with minimising risk within the College for all non-essential activities we had to make the difficult decision to limit the photos to Year 7 and Year 11 only.

With the extra restrictions in place from the photography company and the need to provide extra sanitisation and cleaning this was the maximum number the College could accommodate.

We do appreciate that many of our parents value the opportunity to purchase photos, but like many things we are currently faced with short term changes to the way the College operates and what activities we can offer our students and parents.

The whole year group photos for Year 7 and Year 11 are booked in for January 2021, however we will need to review the COVID guidelines nearer the time to determine if these are able to go ahead.

As with all measures and precautions we are taking, we constantly review the situation in the hope that we can offer our students and parents the same opportunities as we always have.

Yours sincerely

Mrs S Bennett
Headteacher
