

CROOKHORN COLLEGE

30th September 2020

Dear Parent/Guardian

itslearning overview video

We are a few weeks into the year and all the Year 7's are now settling well into their learning, in College and at home.

This 'blend' of work is facilitated through itslearning, and the many tools that it has.

Please can I ask that you take a few minutes to watch the video in the below link. This is a quick, simple overview of itslearning showing how students can access their course pages for their subject work (the itslearning planner), messages from teachers, whole College information and enrichment activities.

I encourage parents and students to view the video and explore the support material in the 'IL Support' tab at the top of the itslearning page, where videos demonstrating the mobile app can also be found.

<https://www.youtube.com/watch?v=Tng802oFaOA>

If your child has any questions in the use of itslearning, they should speak to their PSHE tutor.

If you have any questions, please don't hesitate to email Mr Brunink –
itslearning.admin@crookhorn.hants.sch.uk

Yours sincerely

Mrs S Bennett

Headteacher
