

CROOKHORN COLLEGE

September 2022

Dear Parent/Guardian

Student Progress Review – Wednesday 21st September 2022

As you are aware, the College suspends lessons for the day during the autumn and summer terms so that tutors can meet with students to discuss their academic progress and plan targets that will help them to achieve their full potential. This process is called Student Progress Review and is a vital part of a student's development, heightening their awareness of their learning strengths and areas for development.

We are very keen for you as parents to attend the 'Student Progress Review' meeting this September, so you can be fully briefed on your child's progress, and also be a part of prioritising the personal targets for your child, for the next term. For our Year 7 parents we place a high importance of coming in to make face to face contact with your child's tutor which will enhance the partnership of support.

Can you please ensure that your child agrees an appointment time with their tutor during the course of the day (between 8.45am and 4.45pm) that you can also make.

We look forward to seeing you and for your active involvement and support in your child's educational academic and personal progress. Please return the reply slip to indicate if your child requires a College meal.

Yours sincerely

Mrs S Bennett
Headteacher

(Please return reply slip to reception)

Student Progress Review – Wednesday 21st September 2022

I require a packed lunch for my child and in receipt of Free School Meals.
