Wednesday 18th October | 4.30-6.30pm

Portland Building, University of Portsmouth, PO1 3AH

The University of Portsmouth is hosting a thought provoking and practical workshop which will cover techniques to help both young people and their supporters to build confidence in exams and other assessments, without feeling stressed, bored or over-worked.

We will be covering:

- Preparing for next steps after secondary school
- Practical revision strategies workshop
- Explore future subject choices with table top activities

We believe that understanding and implementing effective study strategies can help young people and their supporters to work together in order to achieve success.

At Crookhorn College we have held the Quality in Careers Award for over 15 years, this award is re-assessed every three years. We will be re-assessed in December 2023.

"The Standard requires secondary schools and colleges to demonstrate that their careers programme:

- *has strong leadership from the Head Teacher/Principal, the senior leadership team and the governing body*
- *has effective training for staff involved in planning and delivering the careers programme*
- *includes all pupils and students*

The school or college must have an effective programme of careers education, enterprise and employability including work-related learning opportunities for students.

**Week of Monday 9th October 2023
(Week A)**

Employers, as well as further and higher education providers, must be involved in the programme to open up and increase students' understanding of a wide range of options, routes and providers of apprenticeships, internships, colleges and universities."

We welcome any feedback on our programme from students and parents and will share the progress of this assessment once it is completed.

If you have any feedback or questions, please contact the careers leader Clare Mack
