

CROOKHORN
COLLEGE

Dear Parent/Guardian

Charity Awareness Reachout Event (CARE) Morning: Friday 19th October 2018

As part of Crookhorn's continuing partnership with our four House charities we have arranged a 'Charity Awareness Reachout Event' morning, to be held here in College on Friday 19th October 2018 for Year 8. Each of the four Houses at the College support a charity: Help For Heroes, Hannah's Holiday Home Appeal, The Rainbow Centre, Naomi House and Jack's Place. The PE department will also be running a session to raise awareness of the challenges faced and overcome by disabled athletes.

Our intention is that a series of activities, run in partnership with representatives from the charities, will;

- raise the students awareness of the barriers and challenges facing individuals within society, thus inspiring them through practical experiences.
- encourage students to become more active citizens and members of their community – e.g. volunteering, involvement in teams sports/activities.
- enable students to develop their communication skills and build relationships outside of their usual social circle.

The 'CARE' day has been organised to coincide with our Community Action morning and we would encourage students as always to take part regarding the non-uniform theme for their House.

Yours sincerely

Mrs S Bennett
Headteacher
