

### Year 7 Numeracy and Literacy Catch Up Strategy Statement

#### Introduction

The department for education provides additional funding to secondary schools for those students who join in Year 7 not having achieved expected progress in Literacy and/or Mathematics. We target students who arrive at Crookhorn with Key Stage 2 scores of 99 and below. A pupil awarded a scaled score of 99 or below did not meet the expected standard at the end of Year 6 and therefore did not demonstrate sufficient understanding of the Key Stage 2 curriculum. On joining Crookhorn in 2018, 45 students had achieved scores of 99 or less in English and 48 in Maths. 34 students achieved below 99 in both English and Mathematics.

| Year 7 Catch-up Premium Statement  |  |  |                                    |
|--|--|--|------------------------------------|
| Year: 2018-19  | Amount anticipated to receive: £20,306   | Anticipated expenditure: £23,660   |                                    |
| Planned Intervention   | Actions  | Intended Outcomes  | Cost                               |
| Overstaffing in English and Maths to create opportunity for intervention groups. | Six periods per fortnight of intervention time allocated to English and Maths and staffed by subject specialist teachers.  | 20% of students not meeting Age Related Expectations (ARE) Maths at Key Stage 2 to be on target to meet ARE by the end of Year 7.<br>25% of students not meeting Age Related Expectations (ARE) English at the end of Key Stage 2 to be on target to reach ARE by end of Year 7. | £18,810                            |
