

## **CROOKHORN COLLEGE**

### **Privacy Notice For Parents**

Under Data Protection law, individuals have a right to be informed about how the College uses any personal data that we hold about them. We comply with this right by providing 'Privacy Notices' (sometimes called 'fair processing notices') to individuals where we are processing their personal data.

This Privacy Notice explains how we collect, store and use personal data about **students**.

Crookhorn College, Stakes Hill Road, Waterlooville, Hants PO7 5UD is the 'Data Controller' for the purposes of Data Protection law.

The Data Protection Officer is Mr. A Brunink (see 'Contact us' below).

#### **The personal data we hold**

Personal data that we may collect, use, store and share (when appropriate) about students includes, but is not restricted to:

- Contact details, contact preferences, date of birth, identification documents
- Results of internal assessments and externally set tests
- Student and curricular records
- Characteristics, such as ethnic background, eligibility for free College meals, or special educational needs
- Exclusion information
- Details of any medical conditions, including physical and mental health
- Attendance information
- Safeguarding information
- Details of any support received, including care packages, plans and support providers
- Photographs
- CCTV images captured in College

We may also hold data about students that we have received from other organisations, including other Colleges, local authorities and the Department for Education.

#### **Why we use this data**

We use this data to:

- Support student learning

- Monitor and report on student progress
- Provide appropriate pastoral care
- Protect student welfare
- Assess the quality of our services
- Administer admissions waiting lists
- Carry out research
- Comply with the law regarding data sharing
- 

### **Our legal basis for using this data**

We only collect and use students' personal data when the law allows us to. Most commonly, we process it where:

- We need to comply with a legal obligation
- We need it to perform an official task in the public interest

Less commonly, we may also process students' personal data in situations where:

- We have obtained consent to use it in a certain way
- We need to protect the individual's vital interests (or someone else's interests)

Where we have obtained consent to use students' personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent, and explain how consent can be withdrawn.

Some of the reasons listed above for collecting and using students' personal data overlap, and there may be several grounds which justify our use of this data.

### **Collecting this information**

While the majority of information we collect about students is mandatory, there is some information that can be provided voluntarily.

Whenever we seek to collect information from you or your child, we make it clear whether providing it is mandatory or optional. If it is mandatory, we will explain the possible consequences of not complying.

### **How we store this data**

We keep personal information about students while they are attending our College. We may also keep it beyond their attendance at our College if this is necessary in order to comply with our legal obligations. The College uses Hampshire County Council's record retention schedule and this sets out how long we keep information about students. This is available on request.

### **Data sharing**

We do not share information about students with any third party without consent unless the law and our policies allow us to do so.

Where it is legally required, or necessary (and it complies with Data Protection law) we may share personal information about students with:

- Our local authority – to meet our legal obligations to share certain information with it, such as safeguarding concerns and exclusions
- The Department for Education
- The student's family and representatives
- Educators and examining bodies
- Ofsted

- Our auditors
- Health authorities
- Health and social welfare organisations

### **National Student Database**

We are required to provide information about students to the Department for Education as part of statutory data collections such as the school census.

Some of this information is then stored in the National Student Database (NPD), which is owned and managed by the Department and provides evidence on College performance to inform research.

The database is held electronically so it can easily be turned into statistics. The information is securely collected from a range of sources including Colleges, local authorities and exam boards.

The Department for Education may share information from the NPD with other organisations which promote children's education or wellbeing in England. Such organisations must agree to strict terms and conditions about how they will use the data.

For more information, see the Department's webpage on how it collects and shares research data.

You can also contact the Department for Education with any further questions about the NPD.

### **Youth support services**

Once our students reach the age of 13, we are legally required to pass on certain

information about them to Hampshire County Council as it has legal responsibilities regarding the education or training of 13-19 year-olds.

This information is provided to youth support services, post-16 education and training services, and careers advisers.

Parents/carers, or students once aged 16 or over, can contact our Data Protection Officer to request that we only pass the individual's name, address and date of birth to Hampshire County Council.

### **Transferring data internationally**

Where we transfer personal data to a country or territory outside the European Economic Area, we will do so in accordance with Data Protection law.

### **Parents and students' rights regarding personal data**

Individuals have a right to make a '**subject access request**' to gain access to personal information that the College holds about them.

Parents/carers can make a request with respect to their child's data where the child is not considered mature enough to understand their rights over their own data (usually under the age of 12), or where the child has provided consent.

If you make a subject access request, and if we do hold information about you or your child, we will:

- Give you a description of it
- Tell you why we are holding and processing it, and how long we will keep it for
- Explain where we got it from, if not from you or your child
- Tell you who it has been, or will be, shared with
- Let you know whether any automated decision-making is being applied to the data, and any consequences of this
